All project proposals also have a clearly defined escalation matrix to raise such complaints. This is further supplemented by regular weekly CEO meetings with BU Heads and Sales Heads.

Tata Elxsi obtains instant feedback from its customers on perceived dissatisfaction. The Delivery Excellence organization monitors every project executed in the Company. Individual Quality team members track complaints/concerns and follow up with necessary stakeholders for resolution. The complaint or concern is treated as closed only after confirmation from the customer. The quality team presents an aggregated analysis, every quarter, to the divisional and functional heads for appropriate improvement actions.
